INTRODUCTION

On the 46 rolls of this microfilm publication are reproduced the records of Case I (*United States of America v. Karl Brandt et al.*, or the "Medical" Case), 1 of the 12 trials of war criminals conducted by the U.S. Government from 1946 to 1949 at Nuernberg subsequent to the International Military Tribunal held in the same city. These records consist of German- and English-language versions of official transcripts of court proceedings, prosecution and defense briefs, and final pleas of the defendants as well as prosecution and defense exhibits and document books in one language or the other. Also included in this publication are a minute book, the official court file, order and judgment books, clemency petitions, and finding aids to the documents.

The transcripts of this trial, assembled in 2 sets of 30 bound volumes (1 set in German and 1 in English), are the recorded daily trial proceedings. The prosecution and defense briefs and answers are also in both languages but unbound, as are the final pleas of the defendants delivered by counsel or defendants and submitted by the attorneys to the court. The unbound prosecution exhibits, numbered 1-570, are essentially those documents from various Nuernberg record series offered in evidence by the prosecution in this case. The defense exhibits, also unbound, are predominantly affidavits by various persons. They are arranged by name of defendant and thereunder numerically. Both prosecution document books and defense document books consist of full or partial translations of exhibits into the English language. Loosely bound in folders, they provide an indication of the order in which the exhibits were presented before the tribunal.

The minute book, in one bound volume, is a summary of the transcripts. The official court file, in four bound volumes, includes the progress docket, the indictment, amended indictment, and the service thereof; appointments and applications of defense counsel and defense witnesses and prosecution comments thereto; defendants applications for documents; motions; uniform rules of procedures; and appendixes. The order and judgment books, in two bound volumes, represent the signed orders, judgments, and opinions of the tribunal as well as sentences and commitment papers. Clemency petitions of the defendants, in five bound volumes, were directed to the military governor, the Judge Advocate General, the U.S. district court, the Secretary of Defense, and the Supreme Court of the United States. The finding aids summarize transcripts, exhibits, and the official court file.

Case I was heard by U.S. Military Tribunal I from November 21, 1946, to August 20, 1947. The records of this case, as the

records of the other Nuernberg and Far East (INTFE) war crimes trials, are part of the National Archives Collection of World War II War Crimes Records, Record Group 238.

The Brandt case was 1 of 12 separate proceedings held before several U.S. Military Tribunals at Nuernberg in the U.S. Zone of Occupation in Germany against officials or citizens of the Third Reich, as follows:

Authority for the proceedings of the International Military Tribunal against the major Nazi war criminals derived from the Declaration on German Atrocities (Moscow Declaration) released November 1, 1943, Executive Order 9547 of May 2, 1945, the London Agreement of August 8, 1945, the Berlin Protocol of October 6, 1945, and the Charter of the International Military Tribunal.

Authority for the 12 subsequent cases stemmed mainly from Control Council Law 10 of December 20, 1945, and was reinforced by Executive Order 9679 of January 16, 1946; U.S. Military Government Ordinances Nos. 7 and 11 of October 18, 1946, and February 17, 1947, respectively; and U.S. Forces, European Theater General Order 301 of October 24, 1946. The procedures applied by U.S. Military Tribunals in the subsequent proceedings were patterned after those of the International Military Tribunal and further developed in the 12 cases, which required over 1,200 days of court sessions and generated more than 330,000 transcript pages.

5

The crimes charged in the Brandt case consisted largely of medical experiments performed on defenseless concentration camp inmates against their will; "euthanasia" carried out on the mentally defective, the physically sick, the aged, and ethnic and racial groups; and the murder of concentration camp inmates for the express purpose of collecting skulls and skeletons for the Anatomical Institute of the Reich University of Strassburg. The following medical experiments were conducted:

1. High altitude: to investigate effects of low pressure on persons.
2. Freezing: to test human resistance to extremely low temperatures.
3. Malaria: to develop controls over the recurring nature of the disease.
4. Mustard gas: part of a general research program in gas warfare.
5. Sulfanilamide: to test the efficacy of the drug in bone muscle and nerve regeneration and bone transplantation.
6. Seawater: to test methods of rendering seawater potable.
7. Epidemic jaundice: to develop an antitoxin against the disease.
8. Sterilization: to test techniques for preventing further propagation of the mentally and physically defective.
9. Typhus: to investigate the value of various vaccines.
10. Poison: to test the efficacy of certain poisons.
11. Incendiary bomb: to find better treatment for phosphorus burns.

The prosecution alleged and the judgment confirmed that these experiments were not isolated acts of individual doctors and scientists on their own responsibility but that they were the result of high-level policy and planning. They were carried out with particular brutality, often disregarding all established medical practice. Consequently, large numbers of the victims died in the course of or as a result of the experiments.

The euthanasia program was the direct result of a directive by Hitler of September 1, 1939. It resulted in the secret killing not only of aged, insane, incurably ill, and deformed German citizens in sanatoriums in Germany but also in the clandestine murder of foreign workers. The killing in gas chambers and by injections in the sanatoriums served as a proving ground for these forerunners of much larger installations in the mass extermination camps.

In addition to these experiments, over 100 concentration camp inmates were killed for the purpose of obtaining their skeletons. Their ghastly remains were found in Strassburg by Allied troops.

The transcripts of the Brandt case include the indictments of the following 23 persons all of whom were physicians except defendants Rudolf Brandt, Viktor Brack, and Wolfram Sievers:

Karl Brandt: Personal physician to Adolf Hitler, Gruppenfuehrer in the SS and Generalleutnant (Major General) in the Waffen SS, Reichskommissar fuer Sanitaets- und Gesundheitswesen (Reich Commissioner for Health and Sanitation), and member of the Reichsforschungsrat (Reich Research Council).

Kurt Blome: Deputy [of the] Reichsgesundheitsfuehrer (Reich Health Leader) and Plenipotentiary for Cancer Research in the Reich Research Council.

Rudolf Brandt: Standartenfuehrer (Colonel) in the Allgemeine SS, Persoenlicher Referent von Himmler (Personal Administrative Officer to Reichsfuehrer SS Himmler), and Ministerial Counselor and Chief of the Ministerial Office in the Reich Ministry of the Interior.

Joachim Mrugowsky: Oberfuehrer (Senior Colonel) in the Waffen SS, Oberster Hygieniker, Reichsarzt SS und Polizei (Chief Hygienist of the Reich Physician SS and Police), and Chef des Hygienischen Institutes der Waffen SS (Chief of the Hygienic Institute of the Waffen SS).

Wolfram Sievers: Standartenfuehrer in the SS, Reich Manager of the "Ahnenerbe" Society and Director of its Institut fuer Wehrwissenschaftliche Zweckforschung (Institute for Military Scientific Research), and Deputy Chairman of the Managing Board of Directors of the Reich Research Council.

Karl Genzken: Gruppenfuehrer in the SS and Generalleutnant in the Waffen SS and Chef des Sanitaetsamts der Waffen SS (Chief of the Medical Department of the Waffen SS).

Karl Gebhardt: Gruppenfuehrer in the SS and Generalleutnant in the Waffen SS, personal physician to Reichsfuehrer SS Himmler, Oberster Kliniker, Reichsarzt SS und Polizei (Chief Surgeon of the Staff of the Reich Physician SS and Police), and President of the German Red Cross.

Viktor Brack: Oberfuehrer in the SS and Sturmbannfuehrer (Major) in the Waffen SS and Oberdienstleiter, Kanzlei des Fuehrers der NSDAP (Chief Administrative Officer in the Chancellery of the Fuehrer to the NSDAP).

Waldemar Hoven: Hauptsturmfuehrer (Captain) in the Waffen SS and Chief Physician of the Buchenwald Concentration Camp.

Herta Oberheuser: Physician at the Ravensbrueck Concentration Camp and assistant physician to the defendant Gebhardt at the hospital at Hohenlychen.

Fritz Fischer: Sturmbannfuehrer in the Waffen SS and assistant physician to the defendant Gebhardt at the hospital at Hohenlychen.

Siegfried Handloser: Generaloberstabsarzt (Lieutenant General, Medical Service), Heeressanitätsinspekteur (Medical Inspector of the Army), and Chef des Wehrmachtsanitätswesens (Chief of the Medical Services of the Armed Forces).

Paul Rostock: Chief Surgeon of the Surgical Clinic in Berlin, Surgical Adviser to the Army, and Amtschef der Dienststelle Medizinische Wissenschaft und Forschung (Chief of the Office for Medical Science and Research) under the defendant Karl Brandt, Reich Commissioner for Health and Sanitation.

Oskar Schroeder: Generaloberstabsarzt; Chef des Stabes, Inspekteur des Luftwaffe-Sanitätswesens (Chief of Staff of the Inspectorate of the Medical Service of the Luftwaffe); and Chef des Sanitätswesens der Luftwaffe (Chief of the Medical Service of the Luftwaffe).

Hermann Becker-Freyseng: Stabsarzt in the Luftwaffe (Captain, Medical Service of the Air Force) and Chief of the Department for Aviation Medicine of the Medical Service of the Luftwaffe.

Georg August Weltz: Oberfeldarzt in the Luftwaffe (Lieutenant Colonel, Medical Service of the Air Force) and Chief of the Institut fuer Luftfahrtmedizin (Institute for Aviation Medicine) in Munich.

Wilhelm Beiglboeck: Consulting physician to the Luftwaffe.

Gerhard Rose: Generalarzt of the Luftwaffe (Brigadier General, Medical Service of the Air Force); Vice President, Chief of the Department for Tropical Medicine, and Professor of the Robert Koch Institute; and Hygienic Adviser for Tropical Medicine to the Chief of the Medical Service of the Luftwaffe.

Siegfried Ruff: Director of the Department for Aviation Medicine at the Deutsche Versuchsanstalt fuer Luftfahrt (German Experimental Institute for Aviation).

Hans Wolfgang Romberg: Physician on the staff of the Department for Aviation Medicine at the German Experimental Institute for Aviation.

Konrad Schaefer: Physician on the staff of the Institute for Aviation Medicine in Berlin.

Adolf Pokorny: Physician, specialist in skin and venereal diseases.

The indictment consisted of four counts. Count one charged participation in a common design or conspiracy to commit war crimes or crimes against humanity. The ruling of the tribunal disregarded this count, hence no defendant was found guilty of the crime charged in count one. Count two was concerned with war crimes and count three, with crimes against humanity. Fifteen defendants were found guilty, and eight were acquitted on these two counts. Ten defendants were charged under count four with membership in a criminal organization and were found guilty.

The transcripts also contain the arraignment and plea of each defendant (all pleaded not guilty), opening and closing statements of defense and prosecution, and the judgment and sentences, which acquitted 7 of the 23 defendants (Blome, Pokorny, Romberg, Rostock, Ruff, Schaefer, and Weltz). Death sentences were imposed on defendants Brack, Karl Brandt, Rudolf Brandt, Hoven, Gebhardt, Mrugowsky, and Sievers, and life imprisonment on Fischer, Genzken, Handloser, Rose, and Schroeder; varying terms of years were given to defendants Becker-Freyseng, Beiglboeck, Oberheuser, and Poppendick.

The English-language transcript volumes are arranged numerically, 1-30; pagination is continuous, 1-11538. The German-language transcript volumes are numbered 1a-30a and paginated 1-11756. The letters at the top of each page indicate morning, afternoon, and evening sessions. The letter "C" designates commission hearings (to save court time and to avoid assembling hundreds of witnesses at Nuernberg, in most of the cases one or more commissions took testimony and received documentary evidence for consideration by the tribunals). Several hundred pages are added to the transcript volumes and given number plus letter designations, such as page number 1044a. Page 1 in volume 1 (English) is preceded by pages numbered 001-039, while the last page of volume 28 (English) is followed by pages numbered 1-48.

Of the many documents assembled for possible prosecution use, 570 were chosen for presentation as evidence before the tribunal. These consisted largely of orders, directives, and reports on medical experiments or the euthanasia program; several interrogation reports; affidavits; and excerpts from the *Reichsgesetzblatt* (the official gazette of Reich laws) as well as correspondence. A number

of the medical reports were accompanied by series of photographs and charts of various experiments.

The first item in the arrangement of the prosecution exhibits is usually a certificate listing the document number, a short description of the exhibit, and a statement on the location of the original document of the exhibit. The certificate is followed by the document, the actual prosecution exhibit (most of which are photostats), and a few mimeographed articles with an occasional carbon of the original. In rare cases the exhibits are followed by translations or additional certificates. A few exhibits are original documents, such as:

<u>Exhibit No.</u>	<u>Doc. No.</u>	<u>Exhibit No.</u>	<u>Doc. No.</u>
301	NO-1314	410	NO-158
307	NO-120	441	NO-1730
309	NO-131	443	NO-890
310	NO-132	451	NO-732
357	1696 PS	462	NO-1424
362	628 PS	507	NO-365
368	NO-817	546	NO-3347
403	616 PS		

No certificate is attached to several exhibits, including exhibits 433, 435-439, 462, 559, and 561. Following exhibit 570 is a tribunal exhibit containing the interrogation of three citizens of the Netherlands. Number 494 was not assigned, and exhibit 519 is followed by 519a and 519b.

Other than affidavits, the defense exhibits consist of newspaper clippings, reports, personnel records, *Reichsgesetzblatt* excerpts, and other items. There are 901 exhibits for the defendants. The defense exhibits are arranged by name of defendant and thereunder by exhibit number, each followed by a certificate wherever available.

The translations in the prosecution document books are preceded by indexes listing prosecution document numbers, biased descriptions, and page numbers of the translation. They are generally listed in the order in which the prosecution exhibits were introduced into evidence before the tribunal. Pages 81-84 of prosecution document book 1 are missing. Books 12, 16, and 19 are followed by addenda. The document books consist largely of mimeographed pages.

The defense document books are similarly arranged. Each book is preceded by an index giving document numbers, description, and page number for each exhibit. The corresponding exhibit numbers are generally not provided. There are several unindexed supplements to numbered document books. Prosecution and defense briefs are arranged alphabetically by names of defendants; final pleas and defense answers to prosecution briefs follow a similar

scheme. Pagination is consecutive, yet there are many pages where an "a" or "b" is added to the numeral.

The English-language final pleas, closing briefs, and replies to prosecution briefs of several defendants are missing, as are a few German-language closing briefs and replies to prosecution briefs.

At the beginning of roll 1 are filmed key documents from which Tribunal I derived its jurisdiction: the Moscow Declaration, U.S. Executive Orders 9547 and 9679, the London Agreement, the Berlin Protocol, the Charter of the International Military Tribunal, Control Council Law 10, U.S. Military Government Ordinances 7 and 11, and U.S. Forces, European Theater General Order 301. Following these documents of authorization is a list of the names and functions of the members of Tribunal I and counsels.

These documents are followed by the transcript covers giving such information as name and number of case, volume numbers, language, page numbers, and inclusive dates. They are followed by summaries of the daily proceedings providing an additional finding aid for the transcripts. The exhibits are listed in an index, which notes type of exhibit, exhibit number and name, corresponding document number and document book and page, a short description of the exhibit, and the date when it was offered in court. The official court file is indexed in the court docket, which is followed by a list of witnesses.

Not filmed were records duplicated elsewhere in this microfilm publication, such as prosecution and defense document books in the German language that are largely duplications of prosecution and defense exhibits already microfilmed or opening statements of prosecution and defense, which can be found in the transcripts of the proceedings.

The records of the Brandt case are closely related to other microfilmed records in Record Group 238, specifically prosecution exhibits submitted to the International Military Tribunal, T988; NI (Nuernberg Industrialist) Series, T301; NOKW (Nuernberg Armed Forces High Command) Series, T1119; NG (Nuernberg Government) Series, T1139; and records of the Milch case, M888, the List case, M893, the Greifelt case, M894, and the Ohlendorf case, M895. In addition, the record of the International Military Tribunal at Nuernberg has been published in *Trial of the Major War Criminals Before the International Military Tribunal* (Nuernberg, 1947), 42 vols. Excerpts from the subsequent proceedings have been published as *Trials of War Criminals Before the Nuernberg Military Tribunal Under Control Council Law No. 10* (U.S. Government Printing Office: 1950-53), 15 vols. The Audiovisual Archives Division of the National Archives and Records Service holds motion picture records and photographs of all 13 trials and tape recordings of the International Military Tribunal proceedings.

John Mendelsohn wrote these introductory remarks and arranged the records for microfilming in collaboration with George Chalou.

DECLARATION ON GERMAN ATROCITIES

[Moscow Declaration]

Released November 1, 1943

THE UNITED KINGDOM, the United States and the Soviet Union have received from many quarters evidence of atrocities, massacres and cold-blooded mass executions which are being perpetrated by the Hitlerite forces in the many countries they have overrun and from which they are now being steadily expelled. The brutalities of Hitlerite domination are no new thing and all the peoples or territories in their grip have suffered from the worst form of government by terror. What is new is that many of these territories are now being redeemed by the advancing armies of the liberating Powers and that in their desperation, the receding Hitlerite Huns are redoubling their ruthless cruelties. This is now evidenced with particular clearness by monstrous crimes of the Hitlerites on the territory of the Soviet Union which is being liberated from the Hitlerites, and on French and Italian territory.

Accordingly, the aforesaid three allied Powers, speaking in the interests of the thirty-two [thirty-three] United Nations, hereby solemnly declare and give full warning of their declaration as follows:

At the time of the granting of any armistice to any government which may be set up in Germany, those German officers and men and members of the Nazi party who have been responsible for, or have taken a consenting part in the above atrocities, massacres, and executions, will be sent back to the countries in which their abominable deeds were done in order that they may be judged and punished according to the laws of these liberated countries and of the free governments which will be created therein. Lists will be compiled in all possible detail from all these countries having regard especially to the invaded parts of the Soviet Union, to Poland and Czechoslovakia, to Yugoslavia and Greece, including Crete and other islands, to Norway, Denmark, the Netherlands, Belgium, Luxembourg, France and Italy.

Thus, the Germans who take part in wholesale shootings of Italian officers or in the execution of French, Dutch, Belgian, or Norwegian hostages or of Cretan peasants, or who have shared in the slaughters inflicted on the people of Poland or in territories of the Soviet Union which are now being swept clear of the enemy, will know that they will be brought back to the scene of their crimes and judged on the spot by the peoples whom they have outraged. Let those who have hitherto not imbrued their hands with innocent blood beware lest they join the ranks of the guilty, for most assuredly the three allied Powers will pursue them to the uttermost ends of the earth and will deliver them to their accusers in order that justice may be done.

The above declaration is without prejudice to the case of the major criminals, whose offences have no particular geographical localisation and who will be punished by the joint decision of the Governments of the Allies.

CHARTER OF THE INTERNATIONAL MILITARY TRIBUNAL

I. CONSTITUTION OF THE INTERNATIONAL MILITARY TRIBUNAL

Article 1.

In pursuance of the Agreement signed on the 8th day of August 1945 by the Government of the United States of America, the Provisional Government of the French Republic, the Government of the United Kingdom of Great Britain and Northern Ireland and the Government of the Union of Soviet Socialist Republics, there shall be established an International Military Tribunal (hereinafter called "the Tribunal") for the just and prompt trial and punishment of the major war criminals of the European Axis.

Article 2.

The Tribunal shall consist of four members, each with an alternate. One member and one alternate shall be appointed by each of the Signatories. The alternates shall, so far as they are able, be present at all sessions of the Tribunal. In case of illness of any member of the Tribunal or his incapacity for some other reason to fulfill his functions, his alternate shall take his place.

Article 3.

Neither the Tribunal, its members nor their alternates can be challenged by the prosecution, or by the Defendants or their Counsel. Each Signatory may replace its member of the Tribunal or his alternate for reasons of health or for other good reasons, except that no replacement may take place during a Trial, other than by an alternate.

Article 4.

- (a) The presence of all four members of the Tribunal or the alternate for any absent member shall be necessary to constitute the quorum.

- (b) The members of the Tribunal shall, before any trial begins, agree among themselves upon the selection from their number of a President, and the President shall hold office during that trial, or as may otherwise be agreed by a vote of not less than three members. The principle of rotation of presidency for successive trials is agreed. If, however, a session of the Tribunal takes place on the territory of one of the four Signatories, the representative of that Signatory on the Tribunal shall preside.
- (c) Save as aforesaid the Tribunal shall take decisions by a majority vote and in case the votes are evenly divided, the vote of the President shall be decisive: provided always that convictions and sentences shall only be imposed by affirmative votes of at least three members of the Tribunal.

Article 5.

In case of need and depending on the number of the matters to be tried, other Tribunals may be set up; and the establishment, functions, and procedure of each Tribunal shall be identical, and shall be governed by this Charter.

II. JURISDICTION AND GENERAL PRINCIPLES

Article 6.

The Tribunal established by the Agreement referred to in Article 1 hereof for the trial and punishment of the major war criminals of the European Axis countries shall have the power to try and punish persons who, acting in the interests of the European Axis countries, whether as individuals or as members of organizations, committed any of the following crimes.

The following acts, or any of them, are crimes coming within the jurisdiction of the Tribunal for which there shall be individual responsibility:

- (a) CRIMES AGAINST PEACE: namely, planning, preparation, initiation or waging of a war of aggression, or a war in violation of international treaties, agreements or assurances, or participation in a common plan or conspiracy for the accomplishment of any of the foregoing;
- (b) WAR CRIMES: namely, violations of the laws or customs of war. Such violations shall include, but not be limited to, murder, ill-treatment or deportation to slave labor or for any other purpose of civilian population of or in occupied territory, murder or ill-treatment of prisoners of war or persons on the seas, killing of hostages, plunder of public or private property, wanton destruction of cities, towns or villages, or devastation not justified by military necessity;
- (c) CRIMES AGAINST HUMANITY: namely, murder, extermination, enslavement, deportation, and other inhumane acts committed against any civilian population, before or during the war; or persecutions on political, racial or religious grounds in execution of or in connection with any crime within the jurisdiction of the Tribunal, whether or not in violation of the domestic law of the country where perpetrated.

Leaders, organizers, instigators and accomplices participating in the formulation or execution of a common plan or conspiracy to commit any of the foregoing crimes are responsible for all acts performed by any persons in execution of such plan.

Article 7.

The official position of defendants, whether as Heads of State or responsible officials in Government Departments, shall not be considered as freeing them from responsibility or mitigating punishment.

Article 8.

The fact that the Defendant acted pursuant to order of his Government or of a superior shall not free him from responsibility, but may be considered in mitigation of punishment if the Tribunal determines that justice so requires.

Article 9.

At the trial of any individual member of any group or organization the Tribunal may declare (in connection with any act of which the individual may be convicted) that the group or organization of which the individual was a member was a criminal organization.

After receipt of the Indictment the Tribunal shall give such notice as it thinks fit that the prosecution intends to ask the Tribunal to make such declaration and any member of the organization will be entitled to apply to the Tribunal for leave to be heard by the Tribunal upon the question of the criminal character of the organization. The Tribunal shall have power to allow or reject the application. If the application is allowed, the Tribunal may direct in what manner the applicants shall be represented and heard.

Article 10.

In cases where a group or organization is declared criminal by the Tribunal, the competent national authority of any Signatory shall have the right to bring individuals to trial for membership therein before national, military or occupation courts. In any such case the criminal nature of the group or organization is considered proved and shall not be questioned.

Article 11.

Any person convicted by the Tribunal may be charged before a national, military or occupation court, referred to in Article 10 of this Charter, with a crime other than of membership in a criminal group or organization and such court may, after convicting him, impose upon him punishment independent of and additional to the punishment imposed by the Tribunal for participation in the criminal activities of such group or organization.

Article 12.

The Tribunal shall have the right to take proceedings against a person charged with crimes set out in Article 6 of this Charter in his absence, if he has not been found or if the Tribunal, for any reason, finds it necessary, in the interests of justice, to conduct the hearing in his absence.

Article 13.

The Tribunal shall draw up rules for its procedure. These rules shall not be inconsistent with the provisions of this Charter.

III. COMMITTEE FOR THE INVESTIGATION
AND PROSECUTION OF MAJOR WAR CRIMINALS

Article 14.

Each Signatory shall appoint a Chief Prosecutor for the investigation of the charges against and the prosecution of major war criminals.

The Chief Prosecutors shall act as a committee for the following purposes:

- (a) to agree upon a plan of the individual work of each of the Chief Prosecutors and his staff,
- (b) to settle the final designation of major war criminals to be tried by the Tribunal,
- (c) to approve the Indictment and the documents to be submitted therewith,

- (d) to lodge the Indictment and the accompanying documents with the Tribunal,
- (e) to draw up and recommend to the Tribunal for its approval draft rules of procedure, contemplated by Article 13 of this Charter. The Tribunal shall have power to accept, with or without amendments, or to reject, the rules so recommended.

The Committee shall act in all the above matters by a majority vote and shall appoint a Chairman as may be convenient and in accordance with the principle of rotation: provided that if there is an equal division of vote concerning the designation of a Defendant to be tried by the Tribunal, or the crimes with which he shall be charged, that proposal will be adopted which was made by the party which proposed that the particular Defendant be tried, or the particular charges be preferred against him.

Article 15.

The Chief Prosecutors shall individually, and acting in collaboration with one another, also undertake the following duties:

- (a) investigation, collection and production before or at the Trial of all necessary evidence,
- (b) the preparation of the Indictment for approval by the Committee in accordance with paragraph (c) of Article 14 hereof,
- (c) the preliminary examination of all necessary witnesses and of the Defendants,
- (d) to act as prosecutor at the Trial,
- (e) to appoint representatives to carry out such duties as may be assigned to them,

- (f) to undertake such other matters as may appear necessary to them for the purposes of the preparation for and conduct of the Trial.

It is understood that no witness or Defendant detained by any Signatory shall be taken out of the possession of that Signatory without its assent.

IV. FAIR TRIAL FOR DEFENDANTS

Article 18.

In order to ensure fair trial for the Defendants, the following procedure shall be followed:

- (a) The Indictment shall include full particulars specifying in detail the charges against the Defendants. A copy of the Indictment and of all the documents lodged with the Indictment, translated into a language which he understands, shall be furnished to the Defendant at a reasonable time before the Trial.
- (b) During any preliminary examination or trial of a Defendant he shall have the right to give any explanation relevant to the charges made against him.

- (b) take strict measures to prevent any action which will cause unreasonable delay, and rule out irrelevant issues and statements of any kind whatsoever,
- (c) deal summarily with any contumacy, imposing appropriate punishment, including exclusion of any Defendant or his Counsel from some or all further proceedings, but without prejudice to the determination of the charges.

Article 19.

The Tribunal shall not be bound by technical rules of evidence. It shall adopt and apply to the greatest possible extent expeditious and non-technical procedure, and shall admit any evidence which it deems to have probative value.

Article 20.

The Tribunal may require to be informed of the nature of any evidence before it is offered so that it may rule upon the relevance thereof.

Article 21.

The Tribunal shall not require proof of facts of common knowledge but shall take judicial notice thereof. It shall also take judicial notice of official governmental documents and reports of the United Nations, including the acts and documents of the committees set up in the various Allied countries for the investigation of war crimes, and the records and findings of military or other Tribunals of any of the United Nations.

Article 22.

The permanent seat of the Tribunal shall be in Berlin. The first meetings of the members of the Tribunal and of the Chief Prosecutors shall be held at Berlin in a place to be designated by the Control Council for Germany. The first trial shall be held at Nuremberg, and any subsequent trials shall be held at such places as the Tribunal may decide.

PROTOCOL

Whereas an Agreement and Charter regarding the Prosecution of War Criminals was signed in London on the 8th August 1945, in the English, French, and Russian languages,

And whereas a discrepancy has been found to exist between the originals of Article 6, paragraph (c), of the Charter in the Russian language, on the one hand, and the originals in the English and French languages, on the other, to wit, the semi-colon in Article 6, paragraph (c), of the Charter between the words "war" and "or," as carried in the English and French texts, is a comma in the Russian text,

And whereas it is desired to rectify this discrepancy;

NOW, THEREFORE, the undersigned, signatories of the said Agreement on behalf of their respective Governments, duly authorized thereto, have agreed that Article 6, paragraph (c), of the Charter in the Russian text is correct, and that the meaning and intention of the Agreement and Charter require that the said semi-colon in the English text should be changed to a comma, and that the French text should be amended to read as follows:

- c) LES CRIMES CONTRE L'HUMANITE: c'est à dire l'assassinat, l'extermination, la réduction en esclavage, la déportation, et tout autre acte inhumain commis contre toutes populations civiles, avant ou pendant la guerre, ou bien les persécutions pour des motifs politiques, raciaux, ou religieux, lorsque ces actes ou persécutions, qu'ils aient constitué ou non une violation du droit interne du pays où ils ont été perpétrés, ont été commis à la suite de tout crime rentrant dans la compétence du Tribunal, ou en liaison avec ce crime.

IN WITNESS WHEREOF the Undersigned have signed the present Protocol.

CONTROL COUNCIL

Law No. 10

PUNISHMENT OF PERSONS GUILTY OF WAR CRIMES,
CRIMES AGAINST PEACE AND AGAINST HUMANITY

In order to give effect to the terms of the Moscow Declaration of 30 October 1943 and the London Agreement of 8 August 1945, and the Charter issued pursuant thereto and in order to establish a uniform legal basis in Germany for the prosecution of war criminals and other similar offenders, other than those dealt with by the International Military Tribunal, the Control Council enacts as follows:

Article I

The Moscow Declaration of 30 October 1943 "Concerning Responsibility of Hitlerites for Committed Atrocities" and the London Agreement of 8 August 1945 "Concerning Prosecution and Punishment of Major War Criminals of the European Axis" are made integral parts of this Law. Adherence to the provisions of the London Agreement by any of the United Nations, as provided for in Article V of that Agreement, shall not entitle such Nation to participate or interfere in the operation of this Law within the Control Council area of authority in Germany.

Article II

1. Each of the following acts is recognized as a crime:

(a) Crimes against Peace. Initiation of invasions of other countries and wars of aggression in violation of international laws and treaties, including but not limited to planning, preparation, initiation or waging a war of aggression, or a war of violation of international treaties, agreements or assurances, or participation in a common plan or conspiracy for the accomplishment of any of the foregoing.

(b) War Crimes. Atrocities or offenses against persons or property constituting violations of the laws or customs

of war, including but not limited to, murder, ill treatment or deportation to slave labour or for any other purpose, of civilian population from occupied territory, murder or ill treatment of prisoners of war or persons on the seas, killing or hostages, plunder of public or private property, wanton destruction of cities, towns or villages, or devastation not justified by military necessity.

(c) Crimes against Humanity. Atrocities and offenses, including but not limited to murder, extermination, enslavement, deportation, imprisonment, torture, rape, or other inhumane acts committed against any civilian population, or persecutions on political, racial or religious grounds whether or not in violation of the domestic laws of the country where perpetrated.

(d) Membership in categories of a criminal group or organization declared criminal by the International Military Tribunal.

2. Any person without regard to nationality or the capacity in which he acted, is deemed to have committed a crime as defined in paragraph 1 of this Article, if he was (a) a principal or (b) was an accessory to the commission of any such crime or ordered or abetted the same or (c) took a consenting part therein or (d) was connected with plans or enterprises involving its commission or (e) was a member of any organization or group connected with the commission of any such crime or (f) with reference to paragraph 1 (a), if he held a high political, civil or military (including General Staff) position in Germany or in one of its allies, co-belligerents or satellites or held high position in the financial, industrial or economic life of any such country.

3. Any person found guilty of any of the Crimes above mentioned may upon conviction be punished as shall be determined by the tribunal to be just. Such punishment may consist of one or more of the following:

(a) Death.

(b) Imprisonment for life or a term of years, with or without hard labour.

- (c) Fine, and imprisonment with or without hard labour, in lieu thereof.
- (d) Forfeiture of property.
- (e) Restitution of property wrongfully acquired.
- (f) Deprivation of some or all civil rights.

Any property declared to be forfeited or the restitution of which is ordered by the Tribunal shall be delivered to the Control Council for Germany, which shall decide on its disposal.

4. (a) The official position of any person, whether as Head of State or as a responsible official in a Government Department, does not free him from responsibility for a crime or entitle him to mitigation of punishment.

(b) The fact that any person acted pursuant to the order of his Government or of a superior does not free him from responsibility for a crime, but may be considered in mitigation.

5. In any trial or prosecution for a crime herein referred to, the accused shall not be entitled to the benefits of any statute of limitation in respect of the period from 30 January 1933 to 1 July 1945, nor shall any immunity, pardon or amnesty granted under the Nazi regime be admitted as a bar to trial or punishment.

Article III

1. Each occupying authority, within its Zone of occupation,

(a) shall have the right to cause persons within such Zone suspected of having committed a crime, including those charged with crime by one of the United Nations, to be arrested and shall take under control the property, real and personal, owned or controlled by the said persons, pending decisions as to its eventual disposition.

(b) shall report to the Legal Directorate the names of all suspected criminals, the reasons for and the places of their detention, if they are detained, and the names and location of witnesses.

(c) shall take appropriate measures to see that witnesses and evidence will be available when required.

(d) shall have the right to cause all persons so arrested and charged, and not delivered to another authority as herein provided, or released, to be brought to trial before an appropriate tribunal. Such tribunal may, in the case of crimes committed by persons of German citizenship or nationality against other persons of German citizenship or nationality, or stateless persons, be a German Court, if authorized by the occupying authorities.

2. The tribunal by which persons charged with offenses hereunder shall be tried and the rules and procedure thereof shall be determined or designated by each Zone Commander for his respective Zone. Nothing herein is intended to, or shall impair or limit the jurisdiction or power of any court or tribunal now or hereafter established in any Zone by the Commander thereof, or of the International Military Tribunal established by the London Agreement of 8 August 1945.

3. Persons wanted for trial by an International Military Tribunal will not be tried without the consent of the Committee of Chief Prosecutors. Each Zone Commander will deliver such persons who are within his Zone to that committee upon request and will make witnesses and evidence available to it.

4. Persons known to be wanted for trial in another Zone or outside Germany will not be tried prior to decision under Article IV unless the fact of their apprehension has been reported in accordance with Section 1 (b) of this Article, three months have elapsed thereafter, and no request for delivery of the type contemplated by Article IV has been received by the Zone Commander concerned.

5. The execution of death sentences may be deferred by not to exceed one month after the sentence has become final when the Zone Commander concerned has reason to believe

that the testimony of those under sentence would be of value in the investigation and trial of crimes within or without his Zone.

6. Each Zone Commander will cause such effect to be given to the judgments of courts of competent jurisdiction, with respect to the property taken under his control pursuant hereto, as he may deem proper in the interest of justice.

Article IV

1. When any person in a Zone in Germany is alleged to have committed a crime, as defined in Article II, in a country other than Germany or in another Zone, the government of that nation or the Commander of the latter Zone, as the case may be, may request the Commander of the Zone in which the person is located for his arrest and delivery for trial to the country or Zone in which the crime was committed. Such request for delivery shall be granted by the Commander receiving it unless he believes such person is wanted for trial or as a witness by an International Military Tribunal, or in Germany, or in a nation other than the one making the request, or the Commander is not satisfied that delivery should be made, in any of which cases he shall have the right to forward the said request to the Legal Directorate of the Allied Control Authority. A similar procedure shall apply to witnesses, material exhibits and other forms of evidence.

2. The Legal Directorate shall consider all requests referred to it, and shall determine the same in accordance with the following principles, its determination to be communicated to the Zone Commander.

(a) A person wanted for trial or as a witness by an International Military Tribunal shall not be delivered for trial or required to give evidence outside Germany, as the case may be, except upon approval by the Committee of Chief Prosecutors acting under the London Agreement of 8 August 1945.

(b) A person wanted for trial by several authorities (other than an International Military Tribunal) shall be disposed of in accordance with the following priorities:

- (1) If wanted for trial in the Zone in which he is, he should not be delivered unless arrangements are made for his return after trial elsewhere;
- (2) If wanted for trial in a Zone other than that in which he is, he should be delivered to that Zone in preference to delivery outside Germany unless arrangements are made for his return to that Zone after trial elsewhere;
- (3) If wanted for trial outside Germany by two or more of the United Nations, of one of which he is a citizen, that one should have priority;
- (4) If wanted for trial outside Germany by several countries, not all of which are United Nations, United Nations should have priority;
- (5) If wanted for trial outside Germany by two or more of the United Nations, then, subject to Article IV 2 (b) (3) above, that which has the most serious charges against him, which are moreover supported by evidence, should have priority.

Article V

The delivery, under Article IV of this Law, of persons for trial shall be made on demands of the Governments or Zone Commanders in such a manner that the delivery of criminals to one jurisdiction will not become the means of defeating or unnecessarily delaying the carrying out of justice in another place. If within six months the delivered person has not been convicted by the Court of the Zone or country to which he has been delivered, then such person shall be returned upon demand of the Commander of the Zone where the person was located prior to delivery.

EXECUTIVE ORDER

AMENDMENT OF EXECUTIVE ORDER NO. 9547 OF MAY 2, 1945,
ENTITLED "PROVIDING FOR REPRESENTATION OF THE UNITED
STATES IN PREPARING AND PROSECUTING CHARGES OF
ATROCITIES AND WAR CRIMES AGAINST THE LEADERS OF
THE EUROPEAN AXIS POWERS AND THEIR PRINCIPAL AGENTS

By virtue of the authority vested in me as President and Commander in Chief of the Army and Navy, under the Constitution and statutes of the United States, it is ordered as follows:

1. In addition to the authority vested in the Representative of the United States and its Chief of Counsel by Paragraph 1 of Executive Order No. 9547 of May 2, 1945, to prepare and prosecute charges of atrocities and war crimes against such of the leaders of the European Axis powers and their accessories as the United States may agree with any of the United Nations to bring to trial before an international military tribunal, such Representative and Chief of Counsel shall have the authority to proceed before United States military or occupation tribunals, in proper cases, against other Axis adherents, including but not limited to cases against members of groups and organizations declared criminal by the said international military tribunal.

2. The present Representative and Chief of Counsel is authorized to designate a Deputy Chief of Counsel, to whom he may assign responsibility for organizing and planning the prosecution of charges of atrocities and war crimes, other than those now being prosecuted as Case No. 1 in the international military tribunal, and, as he may be directed by the Chief of Counsel, for conducting the prosecution of such charges of atrocities and war crimes.

3. The roll of the defendants was called and all defendants were found to be present. Thereupon, each defendant was asked by the Presiding Judge, "Have you received and had an opportunity to read the indictment filed against you?", to which question each defendant responded, "Yes". Thereupon, each defendant was asked by the Presiding Judge, "Have you entered your plea of not guilty to this indictment and do you now plead not guilty", to which question each defendant answered, "Yes, I am not guilty."

Thereupon, the Presiding Judge stated in open court as follows:

"Before opening the trial of Case No. 1, the United States of America against Karl Brandt, et al, there are certain matters which the Tribunal desires to call to the attention of the counsel for the prosecution and the counsel for the defendants.

1. The prosecution may be allowed, for the purpose of making the opening statement in this case, time not to exceed one trial day. This time may be allocated by the chief prosecutor, between himself and any of his assistants, as he desires.

2. When the prosecution has rested its case, defense counsel will be allowed two trial days in which to make their opening statements, and which will comprehend the entire theory of their respective defenses. The time allocated will be divided between

the different defense counsel, as they may themselves agree.

In the event the defense counsel cannot agree, the Tribunal will allocate the time, not to exceed thirty minutes to each defendant.

3. The prosecution shall, not less than twenty-four hours before it desires to offer any record or document or writing in evidence, as part of its case in chief, file with the defense information center not less than one copy of such record, document or writing for each of the counsel for defendants, such copies to be in the German language. The prosecution shall also deliver to the defense information center at least four copies thereof in the English language.

4. When the prosecution or any defendant offers a record, document or any other writing or a copy thereof in evidence there shall be delivered to the Secretary General, in addition to the original document or other instrument in writing so offered for admission in evidence, six copies of the document. If the document is written or printed in a language other than English there shall also be filed with the copies of the document above referred to six copies of an English translation of the document. If such document is offered by any defendant, suitable facilities for procuring English translations of that document shall be made available.

5. At least twenty-four hours before a witness is called to the stand, either by the prosecution or by any defendant, the party who desired to interrogate the witness, shall deliver to the Secretary General an original and six copies of a memorandum which shall disclose: 1. The name of the witness. 2. His nationality. 3. His residence or station. 4. His official rank or

position. 5. Whether he is called as an expert witness or as a witness to testify to facts, and if the latter, a prepared statement of the subject matter on which the witness will be interrogated. When the prosecution prepares such a statement in connection with the witness who it desires to call, at the time of the filing of this statement, two additional copies thereof shall be delivered to the defense information center. When a defendant prepares such a statement concerning a witness who it desires to call, the defendant shall at the same time the copies are filed with the Secretary General, deliver one additional copy to the prosecution.

6. When either the prosecution or a defendant desires the Tribunal to take judicial notice of any official government documents or reports of the United Nations, including any action, ruling or regulation of any Committee, Board or Counsel, heretofore established by or in the Allied Nations for the investigation of War Crimes or any record made by or the findings of any Military or other Tribunal, this Tribunal may refuse to take judicial notice of such documents, rules or regulations, unless the party proposing ask this Tribunal to judicially notice such documents, rules or regulations, place a copy thereof in writing before the Tribunal.

This Tribunal has learned with satisfaction of the procedure adopted by the prosecution with the intention to furnish to the defense counsel information concerning the writings or documents which the prosecution expects to offer in evidence for the purpose of affording the defense counsel information to help them prepare their respective defense to the indictments.

The desire of the Tribunal is that this be made available to the defendants so as to aid them in the presentation of their respective defense.

The United States of America having established this Military Tribunal One, pursuant to law, through properly empowered Military authorities, and the defendants having been brought before Military Tribunal One, pursuant to indictments filed October 25, 1946, in the Office of the Secretary General of the Military Tribunal at Nuernberg, Germany, by an officer of the United States Army, regularly designated as Chief of Counsel for War Crimes, acting on behalf of the United States of America, pursuant to appropriate Military authority, and the indictments having been served upon each defendant for more than thirty days prior to this date, and a copy of the indictments in the German language having been furnished to each defendant, and having been in his possession more than thirty days, and each defendant having had ample opportunity to read the indictments, and having regularly entered his plea of not guilty to the indictments, the Tribunal is ready to proceed with the trial.

This Tribunal will conduct the trial in accordance with controlling laws, rules, and regulations, and with due regard to appropriate precedence in a sincere endeavor to insure both to the prosecution and to each and every defendant an opportunity to present all evidence of an appropriate value bearing upon the issues before the Tribunal; to this end, that under law pending regulations impartial justice may be accomplished.

The trial, of course, will be a public trial, not one

behind closed doors; but because of limited facilities available the Tribunal must insist that the number of spectators be limited to the seating capacity of the court room. Passes will therefore be issued by the appropriate authorities to those who may enter the court room. The Tribunal will insist that good order be at all times maintained, and appropriate measures will be taken to see that this rule is strictly enforced.

For the information of all concerned, the Tribunal announces that hearings will be had each day this week commencing at 9:30 o'clock through Friday. The Tribunal will reconvene at 9:30 o'clock, Monday, December 16, 1946, and will hold sessions every day of that week including Saturday, on which day, however, the Tribunal will recess until 9:30 o'clock, Thursday, January 2, 1947, on which day the Tribunal will convene at the usual time.

I should have stated that on Saturday of next week the Tribunal will recess at 12:30 o'clock.

Thereupon, the Chief of Counsel for the United States made his opening statement, at the conclusion of which the Tribunal recessed until 10 December 1946, at 9:30 A.M.

THE TRIBUNAL, pursuant to adjournment, convened at 9:30 A.M. and the following proceedings were had.

The Marshal reported that all defendants were present except defendant Oberheuser excused by the Tribunal for hospitalization.

Mr. Hardy for the prosecution announced that by agreement with counsel for the defense it was agreeable to call H. C. Pieck as a defense witness for Hoven at once, out of usual order. The Tribunal consented and directed defendant Blome to step down from the witness stand and the Marshal to call witness Pieck to the stand.

Witness H. C. Pieck after being duly sworn by the Tribunal was questioned by Dr. Gawlik, counsel for Hoven. The

witness correctly identified the defendant Hoven in the dock.

Mr. Hardy for the prosecution objected to conclusions of law and fact stated by the witness without informing the Tribunal of his source of informations. The Tribunal instructed the witness accordingly.

Dr. Gawlik conducted the examination of witness Pieck.

Dr. Fleming questioned the witness in behalf of defendant Krugowsky.

Dr. Sauter renewed his objection of 19 March 1947 to the introduction of a prosecution document in the Blome case. The Tribunal ruled that since the document was offered merely for identification the question of its admissibility would be considered if raised later during the cross examination upon facts disclosed of merit for consideration by the Tribunal.

Dr. Fleming requested the Tribunal to excuse defendant Krugowsky for the afternoon to assist his counsel in the preparation of his defense. Granted by the Tribunal.

The Tribunal, pursuant to adjournment, convened at 10:15 A.M., and the following proceedings were had.

The Marshal reported all defendants present in court.

This Tribunal convened at 10:15 A.M. due to repairs being accomplished in the broadcasting system.

The examination of defendant Rose continued by his counsel, Dr. Fritz. Exhibits offered No. 14, 15, 16, 17, 18, 19, 20.

Mr. Hardy suggested to the Tribunal that since defendant Rose was reading his answers from a prepared paper that an affidavit would be as useful to him and would conserve the Tribunal's time. The Tribunal ruled that the witness could refresh his memory from the notes and ordered the examination to continue in that manner.

The Tribunal ruled that the stipulation of prosecution could show that Dr. Rose objected to experiments on human beings, as suggested by Mr. Hardy.

Morning recess 11:05 to 11:30; Noon recess 12:30

The Tribunal, pursuant to adjournment, convened at 9:30 A.M., and the following proceedings were had.

The Marshal reported all defendants present in court.

Based upon the experience of the Assistant Secretary General of this Tribunal, it is respectfully suggested that possible future confusion could be prevented if German counsel would file with this office of the Secretary General a notice of all requests for translations and other procedural service that this office could at all times be in a position to know the progress being made and therefore be definitely advised as to when said documents, translations or other instruments of pleading or evidence would be available for the Tribunal.

The Tribunal directed counsel to proceed.

Mr. Hardy continued the cross examination of witness Hermann Pfannmueller.

Exhibits No. 333 and 354 were obtained from the Archives for the Court and use of prosecutor Hardy.

The Tribunal overruled objection of Defense counsel as to possible repetition of questions and answers of witness.

Morning recess 10:45 to 11:20.

Upon request of counsel for Becker-Freysang the said defendant was excused from the afternoon proceedings of to-day and to-morrow to assist his counsel, Dr. Marx, in the preparation of his defense.

PROCEEDINGS:

The Tribunal convened in Court Room 600, Palace of Justice, at 9:30 A.M.

The Deputy Marshal reported that all defendants were present in the Court Room.

Counsel for Beiglboeck continued redirect examination of the witness Beiglboeck. The witness was further questioned by the Tribunal and by counsel for Becker-Freyseng. The witness was then excused from the stand.

The prosecution called as its next witness Joseph Tschofenig. Counsel for Beiglboeck objected to the questioning of this witness by the prosecution on the grounds that the witness was a defense witness. The Tribunal overruled the objection, stating that the witness had, in fact, been called by the prosecution as a rebuttal witness.

The witness Tschofenig was then cross-examined by counsel for Beiglboeck, who submitted two affidavits, Prosecution Exhibits 139 and 510, made by the witness, and examined him thereon. The witness was then excused.

Counsel for Beiglboeck introduced documentary evidence as follows:

<u>Exhibit No.</u>	<u>Document No.</u>	<u>Doc. Bk. & Page No.</u>	<u>Description of Document</u>
24-Beiglboeck	7-Beiglboeck	I 13	Hermann affidavit

Counsel for prosecution and defense discussed the use of the charts which pertain to Beiglboeck's experiments. The Tribunal ruled that the documents should be returned by the Secretary General.

On suggestion of the prosecution, the Tribunal further ruled that these documents, having been introduced as Defense Exhibit 34-Beiglboeck, should be photostated under the direction of the Secretary General, and copies made available to both prosecution and defense.

The prosecution called as its next witness Josef Vorticek, who was cross-examined by counsel for Beiglboeck, after which the witness was excused.

Counsel for Schroeder and Becker-Freyseng called as the next defense witness Haagen. The witness was advised of his right to refuse to answer any question which might incriminate him.

Counsel introduced the following document during the course of the examination.

able to the defense. The Tribunal ordered that the document be made
available to defense before the prosecution proceeded.

following documents:

The Tribunal convened in Court Room 600, Palace of Justice, at 9:35 A.M.

The Deputy Marshal reported that all defendants were present in the Court Room.

Ernst Mettbech was then called as a defense witness and examined by counsel for Beiglboeck. The witness identified defendant Beiglboeck. The witness was then cross-examined by the prosecution.

Defendant Pokorny was excused by the Tribunal from the afternoon session of this date.

The Tribunal ruled that counsel for Hoven might see his defendant on Saturday evening, 21 June 1947 and/or Sunday morning, 22 June 1947.

Counsel for Gebhardt and Oberheuser requested that these defendants be excused from the afternoon session this date, due to illness. The Tribunal ruled that on filing a certificate as to their condition from the prison physician, they might be excused.

The witness Mettbech was then further examined by counsel for Beiglboeck, and the witness was then excused.

Counsel for Beiglboeck withdrew Exhibit 23-Beiglboeck from evidence, and submitted the following document:

<u>Exhibit No.</u>	<u>Document No.</u>	<u>Doc. Bk & Page</u>	<u>Description</u>
25-Beiglboeck	34-Beiglboeck	II-Beiglboeck, page 136	Photographs of sea-water experiments

The Tribunal ruled that these personal notes made by the witness would be accepted as Prosecution Exhibit 560 and titled Death Book, Natzweiler, to be reproduced by the Secretary General.

It was the ruling of the Tribunal that the Tribunal had no jurisdiction over conspiracy as a separate substantive crime, and Count I of the indictment would be so limited, the count as charging unlawful participation in the formulation and execution of plans to commit war crimes and crimes against humanity, which actually involved the commission of such crimes, to be fully considered.

Counsel for Karl Brandt presented his closing argument.

Counsel for Handloser then presented his closing argument.
